

CHAPTER V

CONCLUSION AND SUGGESTION

This chapter consist of two parts, they are conclusion and suggestion.

A. Conclusion

Based on the result of the research, the researcher found that the students' Tenth Grade of Sanggar Kegiatan Belajar (SKB) Pontianak have some difficulties in writing.

1. The first finding of this research is students' ability in writing, there are several students sultanates in writing expecially recount text, namely grammar, form, vocabulary, and mechanics. found the type of students difficulties in writing at the Tenth Grade of Sanggar Kegiatan Belajar (SKB) Pontianak.
2. Factors of students' difficulties in writing are grammar and form. In the grammar section many students stated that they had difficulty composinsg correct grammar when writing. In the Form section, students' have difficulty in the correct structure of the writing.

B. Sugestion

The following are some suggestios related to the results of this thesis, the suggestion are :

1. For English Teachers

The researcher hope that after knowing the results of this thesis, the teacher pays more attention to the types of difficulties that are the most difficult for students to write and can set them up and how they respond to them students work.

2. For Students

Students must need to learn more and be able to make the mistakes and difficulties they experience as form of self-motivation so that they can continue to practice writing properly and correctly, expecially in learning to writing English.

3. Other Researchers

Hopefully researcher can inspire future researchers to conduct further research on students' difficulties in writing in writing texts, especially when writing recount or recount texts related to other topics in enriching existing research. Then so that future researchers can make the weaknesses that exist in researcher as improvements in further researchers.
