

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

Based on the findings and discussion of research supported by data that has been carried out, this can be achieved because the researcher applies teaching procedures with a genre-based approach, explicit teaching and scaffolding, it can be concluded that this method plays an important role in helping students to improve students' understanding ability in a material.

B. Suggestion

Based on the results of the research and conclusions, there are several suggestions as follows:

a) For Chief Village

The chief village must provide full support for educational programs in the village environment in order to advance the intellectual abilities of the village community through education. In addition, the need for cooperation between the village and the village head to make this program run continuously in the future. Because with the English village program, children can learn English for free and can prepare their basic English knowledge to continue their education at a higher level

b) For Students

Students, it is suggested to use translated traditional song as learning resources. Students are expected to follow the village program activities regularly once a week and follow the learning process well, namely by paying attention to explanations, taking notes, if they don't know and doing a review.

c) For Researchers

The results of this study are expected to be a reference for further research in the same field.
